

VALLEY LUTHERAN HIGH SCHOOL

Valley Lutheran High School is excited to continue something "NEW" for our 2010 summer camps. This year, once again, we will be offering three uniquely different camps: Art, Music, and Science under the heading, Summer Fine Arts Camps. We believe this will be a great opportunity for campers to grow in their knowledge of God's world, explore their own talents, and see these areas as God's gifts to us.

T-Shirts and More!

As part of every camp, each participant will receive a custom designed T-shirt, a daily snack, and an opportunity hear what God says about Art, Music, and Science.

2010 SUMMER FINE ARTS CAMPS

There will be exciting hands on lessons relating to Art, Music, and Science, and most importantly, lessons about their relationship with the Master Teacher, Jesus Christ. Please register early to ensure a quality experience because some camps have limited enrollment. Others require a minimum number of participants to make it a positive experience. Don't hesitate to call us if you have any questions!
